of American Tennis"

WHAT'S NEW AT HAR-TRU?

For 90 years, Har-Tru has been an important part of the tennis world. We take pride in engineering and manufacturing innovative solutions for the court. This year was no exception.

HyQ Mobile App

HyQ (pronounced High-Q) is a digitally monitored sub-surface irrigation system. Precise and efficient, HyQ displays water levels in real time and allows for incredibly accurate adjustments. This year, we introduce the HyQ mobile app to accompany the system. Court water levels can now be conveniently monitored and adjusted on your phone from anywhere in the world. Fourteen brand-new HyQ courts were recently installed at CreditOne Stadium, where Har-Tru is a premier sponsor for the 2022 CreditOne Charleston Open.

Har-Tru Sports Coatings

Our premium acrylic sports coatings have been widely adopted across the country. Made with a high percentage of solids and additional chemical engineering, our process ensures a high-yield, flexible, consistent, and stable surface. Har-Tru Sports Coatings is the official playing surface of World TeamTennis, and will be featured at the WTT tournament in Indian Wells in 2022. New this year, we're excited to announce that Har-Tru Sports Coatings is the official playing surface of the 2022 Citi Open® in Washington, DC.

Pickleball Mania!

We join many fans of the sport of pickleball and have worked closely with contractors to build both clay and hardcourt pickleball courts as this popular game gains traction throughout the country. This year, we are proud to sponsor the APP Tour, the first USA Pickleball sanctioned tour for both professionals and amateurs in America and Europe.

Catalog Pricing

You'll notice the QR code pictured below throughout the catalog. Due to unprecedented market volatility in the past year, we have not included pricing in this year's catalog. We invite you to continue browsing our court products online for the most up-to-date pricing – or contact us directly for assistance.

Har-Tru is dedicated to developing products that help you make and maintain the best courts in the world. We strive to provide you with everything you need for any court you build.

Sincerely,

The Har-Tru Product Development Team

ALUMINUM LINE

HAR-TRU Deluxe Internal-Wind Retrofit Post

100-301 (2 7/8" OD)

Are your old net posts set directly into concrete? Have they started to rust and flake? Our redesigned Deluxe Internal-Wind Retrofit Post will slide right over your old rusted and flaking 2 7/8" outside-diameter posts. The Har-Tru Deluxe Internal-Wind Retrofit Post can save you thousands of dollars by negating the need to demolish and replace net post foundations during surface lifts and overlays. Available in black or green.

- 40.5" overall height
- 26 lbs

HAR-TRU Advantage External-Wind Post

100-302 (2 7/8" OD)

Court Classic. Form and Function. Our all-aluminum, Har-Tru brand posts blend upgraded durability with a modern aesthetic. The powder-coated finish is beautifully smooth and the sleek, narrow design, with welded lacing rods, makes the posts all but disappear on the court. Aluminum will outlast any steel post, particularly in the salt air of coastal environments.

- Schedule 80 aluminum
- External reel with removable handle and a ratchet guard for safety
- Durable, powder-coated finish
- Round shape. Sleek, designed cap with pulley and axle
- Available in black or green
- Sleeves not included
- 60.5" overall height
- 37 lbs

HAR-TRU Deluxe Internal-Wind Post

100-303 (2 7/8" OD)

- Schedule 80 aluminum
- Features the classic round shape
- Powder-coated finish resists rusting and deterioration
- Internal-wind mechanism is completely contained inside the post
- Raise and lower the net rapidly using 1/2" or 19 mm socket wrench or drill
- Available in black or green
- Sleeves not included
- 60.5" overall height
- 37 lbs

HAR-TRU™ Post Replacement Parts & Sleeves

- 104-5001 Deluxe Heavy-Duty Reel With Hardware
- 104-248 PVC Sleeves, Fits 2 7/8"
- 104-507 Round Cap and Reel Assembly for 303 Post
- 104-505 Teardrop Cap and Reel Assembly for 301 Post

REEL HARDWARE

- FAS01516312HEXSS Includes 2 Hex Screws
- FAS04516000FLTSS Includes 4 SS Washers
- FAS02516000STPSS Includes 2 stop nuts

Deluxe Singles Stick

106-3081

Black, all-aluminum singles stick with aluminum cap and foot. Made for professional tournament use to provide a proper 42" net height. Sold as a pair. 3 lbs

Customized Single Sticks

106-3085C

Fully brand your school, university, club, or facility with these fully customizable singles sticks.

Made from premier aluminum which prevents rusting, bending, and breaking, they feature a rubber base to protect your court and maintain its position. There is also a measurement marker on the stick to help assist with placement on your court. Make sure your net is always the right height, while branding your facility on one of the most visible areas on your court.

There is an additional logo/artwork fee.

Singles Stick

106-3083

Permits correct net height for singles play when using doubles tennis net. Made of heavy-duty 3/8" aluminum with protective end cap on bottom and plastic-protected top V-groove to accommodate net cord. Sold as a pair. 2 lbs

Double-Ended Snap

106-215 4 1/2" L

- Double-ended Snap for use with center strap and other court essentials.

Anchor Mate

113-502

Easiest way to remove and reattach the center strap to the pipe anchor.

Tennis Net Repair Cord

106-297

- 3 mm braided polyethylene cord
- Approximately 500' L
- 2 lbs

Heavy-Duty Pipe Anchor

106-201

9 3/4" long, hot-dip galvanized after fabrication stainless-steel pin. Most durable anchor available — highly recommended! 1.35 lbs

Pipe Anchor Addition

106-202

Save time and money. If you have a rusting pipe anchor, we've created a solution for you. 3 5/8"-long stainless steel tube, 1 5/8" OD pipe will allow you to simply cut out the rusty pin and insert the pipe anchor addition. Includes a stainless steel roll pin.

Replacement Tennis Net Cable

106-212

- 3/16" steel cable vinyl coated to 1/4"
- 47' L and looped on both ends
- 4 lbs

WINDSCREEN ESSENTIALS & BENEFITS

Function & Form

- Improves visibility and reaction time
- Provides privacy
- Breaks up gusting wind
- Minimizes off-court distraction
- Creates a professional and pleasing experience

Sizes, Vents, and Opacity

6' or 9'

- 9' are recommended
- 6' places less strain on fences and is a good choice where strong winds and/or old, weak fences are an issue

Vents

- Allow some wind to pass through, reducing strain on fence and fasteners
- Highly recommended for all 9' screens

Opacity

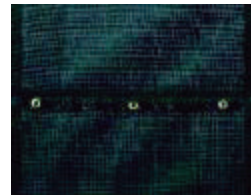

- Higher opacity means denser weave. Denser opacity is harder to see through and increases privacy. Does not impact strength of screen, but higher opacity will place more strain on your fence.

PLEASE NOTE: When ordering windscreens with vents or windows, you will automatically receive our standard straightline configuration unless you specify differently at time of order. If you prefer a high/low configuration or a different straightline design or placement, you must inform us when your order is placed. Call us if you need a copy of these standard designs and placements or to ask about other configurations.

For all sports fabrics, additional charges apply to specialty cuts, small pieces, and additional heights.

Hems are heat-sealed for maximum strength and durability. All sewing and stitching is eliminated where possible.

Installed in the center of 9' windscreens to reduce wind effect and increase screen durability, allowing for attachment to the fence at top, middle, and bottom.

Optional air vents are available

499-112HM

HAR-TRU

WINDSCREEN DESIGN CENTER

The professional way to manage your windscreen purchases online

- Personalized dashboard lets you define, save, and order windscreens.
- Detailed information guides you through selection, measurement, and installation.
- Comprehensive planning tools to design your windscreen from start to finish.
- Keep track of multiple courts in one place.
- Preview the look of logos, vents, colors, or texture.
- Save your measurements to easily access, add, or adjust your information.
- Connect with knowledgeable experts for advice and assistance.

The Windscreen Design Center offers complete instructions for measuring, installing, and maintaining windscreens. It provides users with a step-by-step process for choosing their preferred material and entering their dimensions and logo requirements. Every customer who registers for the site will have their own windscreen dashboard with current and past orders. The data is systematically stored by facility, battery, and court number, making it readily available for future needs, whether it be the replacement of one piece or an entire re-wrap of the facility.

“In tennis, windscreens greatly enhance play. They increase privacy, improve visibility, add shade, and cut down on wind. The biggest challenge with a windscreen is that every order is 100% custom to the facility. With the Windscreen Design Center, we have tackled that challenge head on, making it easier for the consumer to design and order the screens that help them create a better place to play.”

– Pat Hanssen, President, Har-Tru

BACKDROPS

COURTMASTER backdrops are used to screen out distractions of players moving between courts as well as to provide backgrounds against which to see the ball. They also provide a physical barrier to keep balls within the court. They are available in a number of colors and weights and are manufactured with high-quality vinyl. These come standard with grommets on the top only.

Indoor 18 Oz Backdrops

118-80349 Backdrop Without Lead Rope, under 50 sq ft sections

118-803 Backdrop Without Lead Rope, 50 sq ft and over

118-80149 Backdrop With Lead Rope, under 50 sq ft sections

118-801 Backdrop With Lead Rope, 50 sq ft and over

PLEASE NOTE: All work is custom to suit customer needs. Additional charges may apply based on customer-specific needs. Some notable upcharges are door flaps and cut outs.

OPTIONAL FEATURES FOR INDOOR VINYL AND DIVIDER NETTING

Viewing Mesh Panel

Color Options ● ●

114-440 Viewing Mesh Panel over 18.8 sq ft

114-440E Viewing Mesh Panel up to 18.7 sq ft

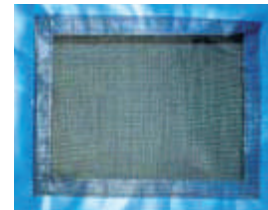

Viewing Mesh Window

Color Options ● ●

114-443 Viewing Mesh Window over 4.4 sq ft

114-443E Viewing Mesh Window up to 4.33 sq ft

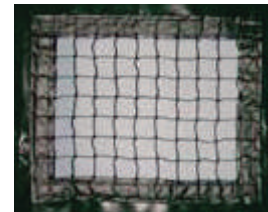

Viewing Net Window

Color Options ● ●

114-444 Viewing Net Window over 4.4 sq ft

114-444E Viewing Net Window up to 4.33 sq ft

PLEASE NOTE: When ordering Replacement Skirts with Velcro™, please note that our standard procedure is to attach the female/fuzzy part of the Velcro™ strip to the replacement skirt so that it can be attached to an existing divider curtain that has the male/rough part of the Velcro™ strip. If your existing curtain has the female strip and you need us to attach a male strip to the replacement skirt, we must be notified at the time the order is placed, because we will need to reverse our procedure.

Color Options

PLEASE NOTE: All vinyl in our divider curtains, replacement skirts, backdrops, and padding meet the fire-retardancy standard of the California State Fire Marshal (<http://osfm.fire.ca.gov>) and NFPA 701.

PRACTICE MAKES PERFECT

BALL GEAR & BACKBOARDS

- Backboards
- Ball Baskets
- Teaching Carts
- Ball Mowers

We are the official supplier of ball gear to the USPTA.

Our strong line of ball products lets you teach, play, and practice anytime — on your own schedule, with or without a partner.

BAKKO BACKBOARDS

A backboard that will fit everyone's needs, from budget-conscious to top of the line. The best backboard in the business is also your best value.

ECONOMY

Economy Flat

Visually looks like 8' Flat Slimline series. Designed to compete with those who build wooden backboards. Each panel contains sound-deadening interior (no metal interior frame) and is encased in the same outer fiberglass and gel-coat shell with Imron paint. Three horizontal rows of pressure-treated 2 x 4s (provided) are mounted to fence post.

- Won't rot like other wooden backboards
- Great for court owners, driveways, schools, and parks
- 10-year warranty on backboards; 1-year warranty on paint

135-812	8' x 12' (3 panels)
135-816	8' x 16' (4 panels)
135-817	8' x 20' (5 panels)
135-821	10' x 12' (3 panels)
135-822	10' x 16' (4 panels)
135-823	10' x 20' (5 panels)

PROFESSIONAL

Professional Flat Series

Panels are 2 1/2" thick with interior frames dividing each panel into 20 sub-compartments. Each sub-compartment is filled with sound-deadening materials. Panels are encased in thick fiberglass and protective coating. Front edges of panels are sprayed with a high-quality impact-, solar-, and temperature-resistant green polyurethane Imron paint.

- 10' H panels
- Heavy, complex, reinforced metal interior frame
- Encased in thick fiberglass
- 10-year warranty on backboard; 1-year warranty on paint

135-1012	10' x 12' (3 panels)
135-1016	10' x 16' (4 panels)
135-1020	10' x 20' (5 panels)

Slimline Flat Series

Panels are 1 3/4" thick with correspondingly less interior framework and thickness of sound-deadening material. Each panel is otherwise manufactured similarly to 10'-high professional lines. Panels are pre-drilled so green face bolts attach each panel to metal channel.

- Will not rot like other wooden backboards
- Great for court owners, driveways, schools, and parks
- 10-year warranty on backboard; 1-year warranty on paint

135-712	8' x 12' (3 panels)
135-716	8' x 16' (4 panels)
135-720	8' x 20' (5 panels)

SLIMLINE

Single Curved Series

Made similarly to the 10' Professional Flat Series, but curved from top to bottom. The advantage of this backboard is that it simulates a tennis match while you still achieve practice, warm-up, and workout. Ongoing studies on Bakko's test courts reveal this backboard is the first choice of players and professionals.

- 10' H panels
- 2 1/2" thickness
- Gentle concave curve
- 10-year warranty on backboard; 1-year warranty on paint

135-912	10' x 12' (3 panels)
135-916	10' x 16' (4 panels)
135-920	10' x 20' (5 panels)

CURVED

Hoag Teaching Cart

120-9605BK

The most durable basket in the industry just got better! We've always had the best wheels — now we've added new locking wheels. These new wheels allow you to focus on teaching and not on chasing the basket. This basket holds 350 balls, allows you to store your racquets in the cart, and has an easy-locking lid and nice foam handle covers. Easy to assemble. Black only. 40 lbs

Hoag Teaching Cart Replacement Parts

- 138-9901** Replacement Wheel Without Brake, 2 3/4" shank
- 138-9902** Replacement Wheel With Brake, 2 3/4" shank
- 138-9823** Replacement Lid (available in black and red)
- 138-3130BK** Teaching Cart Divider, black only

Har-Tru Ball Mower Gen 2

120-3200

Anti-jamming mechanism to eliminate skidding. The back plate is spring-loaded so that as more balls enter, the anti-jamming mechanism flexes to handle the capacity. Designed to hold up well in a moist, gritty environment. We've redesigned the mower to be more durable. Features an adjustable handle, less noise, and secured springs. All this, combined with our already proven and patented anti-jamming ball-retrieving system, puts this mower ahead of all other ball mowers on the market.

PLEASE NOTE: Casters are not interchangeable, so please be sure to reference which Gen you have when ordering replacement parts.

- 120-3201** Replacement Caster
- 309-3207A** Radius Panel Spring
- 309-3207B** Radius Panel Pin
- 309-3201GY** Replacement Basket
- 324-30** Replacement Wheel
- 309-3213A** Wheel Clip

Hoag Ball Basket

120-291

- Holds 85 balls
- Weather-resistant PVC coating helps protect hands and prevents court damage
- Available in black only
- 6 lbs

A clean court is a happy court —

and we're here to help you keep it pristine. From rollers to rakes to water removers, our maintenance equipment is ready when you are. Don't know what you need? Just ask. Our experienced team can offer advice on which tools make the most sense for your situation.

Court Devil Jr.

146-3408

This smaller, hand-model Court Devil is designed for maintaining areas along court perimeters and beneath the net line. It is also great for loosening localized hard spots. Weight: 85 lbs

Court Devil

146-3409

Designed to agitate the court surface without removing or damaging existing line tapes. It also helps prevent and break up mineral deposits, mold, algae, and fungus that tighten the court surface. It scarifies the court with circular steel blades mounted on free-turning axles. For best results on the court, add no more than 50 lbs of additional weight. Weight: 105 lbs; width: 48"

Lute/Scarifier

146-3047 30" (5 lbs)

146-3420 48" (6 lbs)

The Lute/Scarifier is two tools in one, made of all aluminum for scarifying, leveling, and removing loose granules. It is strong and sturdy, yet light enough to use all day, and excellent for spreading new material during top dressing. The concave shape of the 30"-wide blade allows the tool to "float" along the surface, without grabbing or digging in.

TruFlow Topdressers

124-3069 24" Hand Spreader
36.8" Overall With Wheels Attached

124-3065 36" Tow Spreader
57" Overall With Wheels Attached

124-3066 54" Tow Spreader
79" Overall With Wheels Attached

These three top-dressing units offer unmatched performance in distributing HAR-TRU[®] as well as rubber and other materials for synthetic grass, natural turf, and running tracks.

The 24" hand model will hold up to four 80-lb bags of HAR-TRU[®] and the 36" tow model will hold eight 80-lb bags, while the 54" tow model handles a whopping twelve 80-lb bags of HAR-TRU[®]! Simply bolt on the handle and you are ready to start your preseason renovation.

Tow Scarifier

146-3413

4' W, 2 rows of nails, 61 nails per row

Heavy-duty tool for loosening court surfaces. This model is 4 feet wide with two rows of case-hardened nails. It's heavy enough to allow the nails to really penetrate the surface. This 48"-wide, heavy-duty tow model scarifier is truly a workhorse for loosening the top surface on Har-Tru courts. It is especially good for indoor courts and sunbaked southern courts that have excess calcium buildup.

- Sized to fit between the alley tape
- Levered wheels lift unit over tapes so tapes can be left in place
- Adjustable tow hitch fits most utility vehicles
- Adjustable steel rails lower nails as they wear down
- Removable steel plate allows for easy nail replacement
- 40D nails: 3/16" diameter by 5" L
- Federal nails for Scarifier

Replacement Nails

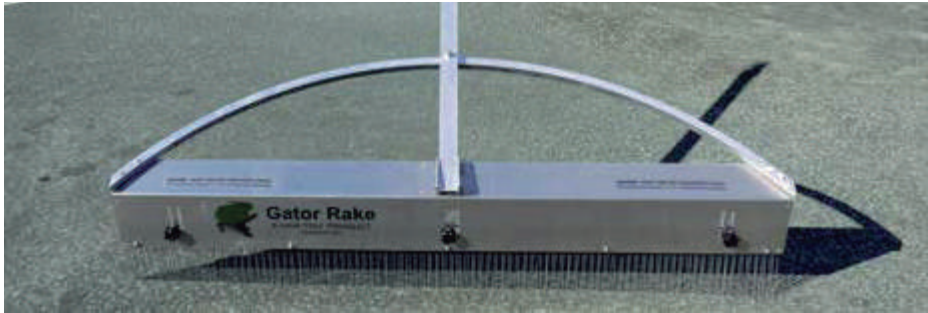

146-3415 50-lb Box

GATOR RAKES

Gator Rake: Best tool for maintaining optimal traction

Many of today's Har-Tru courts need daily agitation to perform at their best. This is particularly true for subsurface-irrigated courts, West Coast courts, and indoor courts. The Gator Rake line was developed for this very purpose: it's a tool that can be used daily to leave the ideal amount of loose surface for perfect play. The shape and length of the aluminum teeth, along with the weight characteristics of the rake, make it unique.

A must-have for sub-surface courts!!

Best product on the market for fence and net lines

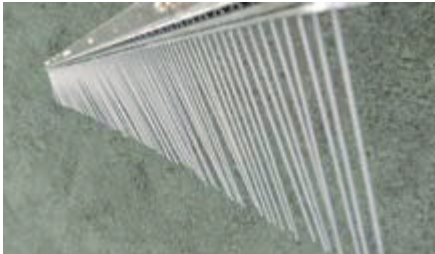

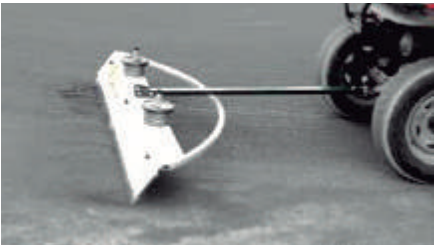

Gator Rake Pro 72" Tow Model
146-3684 Standard Tines
146-3687 Staggered Tines

The Agitator 24" Hand Model Rake
146-3685

This contractor-grade tool is the heaviest and most durable rake on the market, making it ideal for scarification, top dressing, and aggressive daily maintenance. Weight towers (sold separately) allow you to add weight for deeper surface penetration. 33 lbs

The Agitator is the best hand tool we have for spot treatment of areas susceptible to moss, weeds, algae, or hardpan. 6 lbs

72" Hand Model Rake
146-3686

The 72" Hand Model Rake brings the court back to life after heavy play. It's just the right size and weight for members to pull around the court between matches. 16 lbs

Gator Rake Weight Towers

Weights not included; for tow bar only
146-3688 Attachment for Tow Version, Center Attachment
146-3701 Weight Attachment for Tow Version, Side Attachment

Gator Rake Replacement Tines

146-3696 Standard Tine Cartridge Pro Model
146-4696 Staggered Tine Cartridge Pro Model
146-3708 7" Tines for 72" Rake (89 Included)
146-3709 4" Tines for 24" Rake (29 Included)
146-3712 4" Tines for 72" Rake (89 Included)

Har-Tru Designer Tape

109-602P Punched

109-602U Unpunched

This Designer Tape is the best line tape you can buy for your court, with its sure-spin feature and unique raised pattern specifically designed to allow consistent ball spin and speed at any angle the ball strikes the tape. It offers easy cleaning, long life, and stability, and will not yellow with age. The webbing is made from the finest synthetics available, and has a pure PVC coating. It is available with or without preformed nail holes. 490' per roll

109-602P | 109-602U

Har-Tru Classic Tape

109-601P Punched

The same top-quality webbing and vinyl coating used in our Designer Tape is also the basis for our Har-Tru Classic Tape. It has an even-textured, rubberized coating that combines good ball bounce, long life, and easy cleaning. Available with preformed nail holes. The Har-Tru Classic Tape represents affordable quality in a line tape. 490' per roll

109-601P

Har-Tru Herringbone Tape

109-603P Punched

109-603U Unpunched

The Har-Tru Herringbone Tape is designed to ensure consistent ball spin and speed at any angle the ball strikes the tape. It is easy to install, made of long-lasting vinyl, meets specifications, cleans easily, stays white longer, and has preformed holes for nailing ease. It has the same long-life quality as the Har-Tru Classic Tape, but with added texture. The balance of quality construction and player benefits makes the Herringbone Tape the best tape value. 490' per roll

109-603P | 109-603U

2" Tenex Designer Raised Tape

109-502U Unpunched

The Tenex Designer Raised Tape is designed to ensure consistent ball spin and speed at any angle the ball hits the tape. The design also provides a non-slip surface for perfect footing when sliding over the line tape. Tenex tapes are more rigid and ideal for high-play facilities looking to get the most life out of its line tapes.

109-502U

2" Tenex Standard Tape

109-501P Punched

109-501U Unpunched

The Tenex Standard Tape offers the same rigidity as the Designer Raised Tape but has an even, textured finish that is easy to clean throughout the playing season.

109-501P | 109-501U

2" Tenex Herringbone Tape

109-503P Punched

109-503U Unpunched

The Tenex Herringbone Tape is the most popular pattern design. The pattern allows for a consistent ball spin and speed when the ball strikes it. It's also made of the same high-quality webbing as the Standard and Designer Raised dot pattern, ensuring the same rigid, long-lasting qualities as the other designs. The balance of consistent ball bounce and long life makes the Tenex Herringbone Tape a great line tape value.

Tenex Tape Line: Call for Availability

10 & UNDER TENNIS AND PICKLEBALL LINES FOR CLAY COURTS

Temporary Lines

108-3677 36' — Red

108-3678 60' — Orange

Our temporary lines come in red or orange to match the balls used on 36' and 60' courts — and to show up sharply against the HAR-TRU®green. The system comes in two pieces attached with Velcro™ and secured to the court surface with just a few nails. One Velcro™ intersection allows you to install the lines without disconnecting the center strap. Nails are included with the lines. 36' lines are 1" W; 60' lines are 1.5" W

108-3681 Temporary Line Rings

108-SUB3678 3" Alum. Nails for QS Lines, 16 Nails Per Set

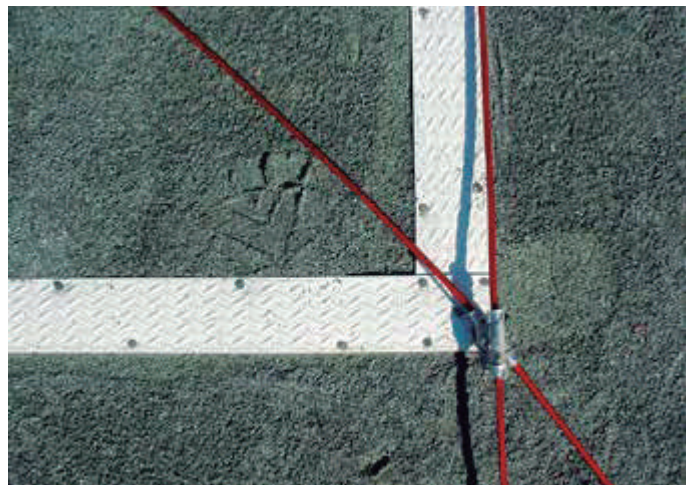

110-513 2.5" Copper Nails, 4 Nails Per Set

WHILE SUPPLIES LAST

Permanent Lines

108-3679

Our permanent lines can be used for 10 & under or pickleball. They are dark green in an effort to blend into the court surface, making it easy to move from tennis to 10 & Under or Pickleball. 200' L by 2" W

Tape Stretcher

150-3040

The Tape Stretcher ratchet has a 2"-wide slot to insert tape for quick and easy installation of straight line tapes by one person. The leather pad and support strap allow the ratchet to pull the tape straight and taut just above the surface so it can be nailed securely.

Tape Layout Cables

150-3032

Line tape layout is a snap with the court cables from Har-Tru. One person can locate pivot points and corners quickly, saving time and effort. Instructions included.

Nails

110-506 8-lb Box

110-507 25-lb Box

- 2 1/2" aluminum nails (large head)
- 8 lbs per doubles court
- For regular Har-Tru courts
- Available in 8-lb or 25-lb boxes

110-508 11-lb Box

110-509 25-lb Box

- 3" aluminum nails (large head)
- 11 lbs per doubles court
- Great for subsurface-irrigated courts
- Available in 11-lb or 25-lb boxes

110-510 25-lb Box

- 2 1/2" copper nails (large head) for cinder-base courts
- 25 lbs per doubles court. Available in 25-lb boxes only

110-3454 25-lb Box

- 2 1/2" aluminum nails (plain shank)

Nail Coils

PLEASE NOTE: Nails are sold by the case only but order is entered by 1000s. Ex: Case of 7200 will be entered as 7.2 in the quantity field.

110-3461 CASE OF 7200

SENCO Galvanized Ring Shank Nail Gun Nails, 2 3/8"

110-3465 CASE OF 3600

SENCO #316 Stainless Steel Coil Nails

GROWTH CONTROL

Citrine-Plus®

122-3456

Citrine liquid algaecide is for use in HydroCourt® water control boxes only. The application rate is 7 ounces per each water control box per each application. Applications should be made every four months. The recommendation is for 1 gallon of Cutrine per court per year to deliver the best algae control available. Not available in all states. Cannot ship to the following states: **AL, CA, CT, MA, ME, MN, MT, NH, NJ, NY, RI, VT, and WA.** Subject to change.

Product has not been tested on HyQ Courts and is not recommended at this time. We recommend using AlgaeBlaster.

AlgaeBlaster

162-1000

AlgaeBlaster is a liquid algaecide that contains copper sulfate. Dilute 4 ounces of AlgaeBlaster in one gallon of water. Use a watering can or weed sprayer to apply around the perimeter of your courts and other problem areas that show algae growth. One 2.5-gallon container should cover 3-4 courts. Apply monthly during the rainy season.

Sold only in AL, AR, FL, GA, LA, NC, SC, TN, TX, and VA.

Sold in box of two 2.5-gallon containers

ROLLERS

CourtPac Rollers

CourtPac Rollers are the best design on the market today. Equipped with a Honda engine that starts on the first pull and a hydraulic transmission that is smooth, responsive, and controls speed as well as direction. Easy to maintain — just add oil! No more chains or sprockets to replace. Safety switch is located under the seat. 2-year warranty

- 128-3037** 5' Rear Brush Fine Assembly (includes the brush, upright mounting rods, floating springs, knobs, and hardware)

Small Hand Roller

127-3044

Perfect for the club that needs touch-up work around court edges, patching of low spots, etc. The drum size is 18" x 24" and can be filled with water for a total weight of 320 lbs. The unit is all steel and comes with a scraper bar for removing any buildup on the drum. This roller is a good companion for your heavy-duty court roller. 1-year warranty

Split-Roll Hand-Tow Roller

127-3045

This 24" x 24" hand roller is improved to give the same split-roller action as our more expensive rollers. Dual drums can be water-filled for added weight, yet can turn on the court without damaging the surface. This is the only hand roller that can be towed in ovals with its dual-purpose handle. A scraper brush is included for removing any buildup on the drum. Good roller for those on a tight budget. 1-year warranty

Tow Roller

127-3073 4' Roller

127-3067 5' Roller

The Tow Roller model is an easy-to-use alternative to the power roller. It can be pulled by a golf cart, lawn tractor, or utility vehicle and still offers the same rolling speed and convenience as the power roller. This unit can be upgraded to a motorized roller by adding the power head of the CourtPac Pro, as shown on page 35. It comes with a towing tongue, hitch pin, urethane blades, and front and rear court brushes. Shown here with optional auxiliary wheels, it is available in both a 4' and 5' width and has a 1-year warranty.

Tow Roller Replacement Parts

- 128-2104 Replacement Tongue
- 314-SUB137PRO 4' Scraper Bar Assembly
- 314-SUB138PRO 5' Scraper Bar Assembly

Tow Roller shown with optional auxiliary wheels — sold separately

Auxiliary Wheels

128-3038 Aux Wheel Kit for Tow Roller

128-3041 Aux Kit for CourtPac Pro Roller

Auxiliary wheels have been designed to ease roller movement over difficult terrain. Leverage handles raise or lower the wheels, lifting the roller off the ground to prevent damage. A heavy-duty locking pin secures the wheels in position. The auxiliary wheels will increase the life of your roller and make it much easier and quieter to use when difficult transporting is required.

The Line Master

- 148-3042** Fine
- 148-3042C** Coarse
- 148-253** Line Master Hardware Pack

Features include a curved handle, all-aluminum construction for rust-free outdoor use, positive locking brush action, and a perfectly textured brush for an easy-to-use, yet firm, brushing action. The angle allows the brush to dig in and remove those hard-to-clean areas that require more pressure. Brushes available with coarse or fine bristles.

Replacement Brush Assemblies

- 148-3048** Fine
- 148-3048C** Coarse

Complete replacement brush assembly for The Line Master with a synthetic brush, axle with nylon sleeves, and springs. Easy to install and requires no special tools. Available in coarse or fine.

Line Scrub 148-3058

The heavy bristles break up the HAR-TRU[®] that gets caked on the tape. The unique aluminum handle gives the needed leverage to make the job easy. New swivel design makes the Line Scrub more ergonomic and low maintenance.

Aussie Clean Sweep

- 136-3033** 8' Model
- 136-3053** 4' Model

This unique combination tool from Australia helps pick up and remove leaves, pine needles, stones, ball fuzz, and other debris found on your court while grooming the court like a drag brush. The PVC tines lift the debris and flip it on top of the unit so it can be carried off the court. Available in 4' and 8' widths.

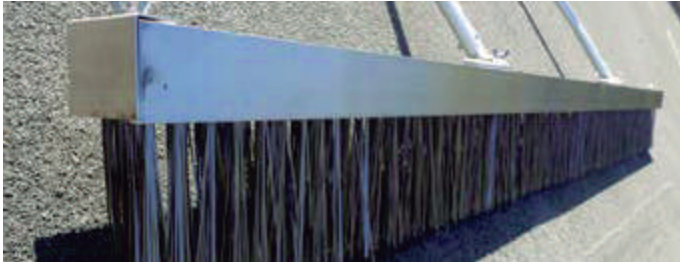

ClayTech[®] Grooming Brush

- 136-253** Hand Model
- 136-254** Tow Model

The ClayTech Grooming Brush is designed to groom the ClayTech surface as well as move the infill particles into a consistent pattern, filling in crevices and smoothing the surface. The coarse, thick bristles scrape and clean the membrane fibers so that infill buildup on the fibers does not occur. This grooming tool leaves the ClayTech surface clean, smooth, and consistent.

We have modified our Drag Brush line to make them easier to use, cause less damage to posts, and more affordable to ship. All 7' models are now 6' in length. All Hand models now have a curved handle. Visit our website for more detail.

Stainless-Steel Bristle Drag Brush, 6'

Redesigned to allow replacement of bristle blocks. The steel bristles excel at agitating the surface of hardened indoor and outdoor courts with subsurface irrigation. They help break up algae and prevent its formation. Stainless-steel bristles reduce rusting and increase this product's durability.

- 136-3660** Steel Hand Model
- 136-3661** Steel Tow Model
- BRISTE04** Replacement Bristle Block (Need 6)

Drag Brush, 6'

The Drag Brush has built-in strength and versatility with replaceable dual 4 1/2" bristles designed to level and manicure your court. Reverse the handle and double the life of the broom. Other bristle combinations are available on special orders.

HAR-TRU®

HyQ COURT

Irrigation evolution: precise, controlled, efficient

HyQ (*pronounced High-Q*) is a revolutionary sub-surface irrigation system that takes the guesswork out of watering your court. Building on the engineering foundations of our HydroCourt system, HyQ adds layers of technology for a faster, more controlled irrigation and collection of water.

Water your court faster

The HyQ delivery system waters your court faster so you can play sooner. The surface material and construction allow water to travel the length of the court and spread out quickly. By adding pressure to the system, you can feed the water at varying rates. Water will surface on the court within the first 30 minutes of being turned on.

Quickly play after a rain

The system also allows faster drainage and access to the court after a rain. With proper maintenance, a HyQ court will shed water quickly off the court through the system beneath.

Incredibly accurate adjustments

If you've ever fought with adjusting a water valve, you'll love our digital control panel. Adjustments are made within 1/10" — you simply adjust up 1/10" or down 1/10" by pressing a button. Our new water level sensor lets you easily and accurately read the water level. The measuring unit is designed to precisely measure levels of liquid with no calibration needed.

Durable scrubber valves

Water for your court can come from a variety of different sources, and sometimes chemicals or debris can affect an irrigation system. We've selected solenoid valves with built-in scrubbing devices for extra protection. The HyQ system also allows you to add a filter outside of your control box for even more security.

Mobile App — control from anywhere

For complete control of your court, we developed a mobile app to remotely monitor and adjust your system. With the HyQ app, you can monitor your court from anywhere in the world. If something needs attention, you can have alerts sent directly to you and others who need to know. Precision control at your fingertips — anytime, anywhere.

Economical in every way

Outfitting your court with a HyQ sub-irrigation system decreases your water usage, and at the same time makes it easier and more efficient to control. Stop struggling and sprinkling — and start saving time, water, and money.

Har-Tru Consulting

For complete confidence to install, improve, upgrade, & maintain your courts, turn to Har-Tru Consulting.

HAR-TRU MAINTENANCE TRAINING & CERTIFICATION

A two-day certification seminar that will train your staff in every single aspect of effective and efficient court upkeep and construction, from irrigation to fencing to weed control and regular reconditioning. Certificates will be awarded to participants.

IRRIGATION SYSTEM DESIGN AND MAINTENANCE

A survey that identifies your current water system, how it operates, and how enhancements can be made — including recommendations on how to improve operating pressure, gallons-per-minute, general system components, and effective coverage.

OWNERS REPRESENTATIVE CONSULTING

Our consulting service can be invaluable during the critical stages of construction, rebuilding, and reconditioning. We can help you convert your old hardcourts to HAR-TRU®, ClayTech, or HydroCourt surfaces. In addition, we can assist in developing a long-term plan for success, from court selection to installation and beyond.

ONE-DAY FACILITY VISIT

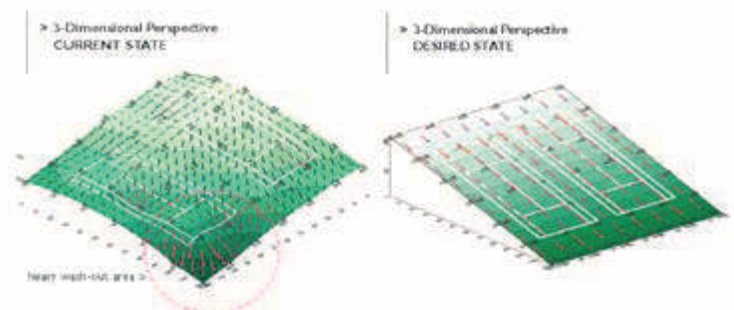

During our one-day facility visit, we'll inspect your courts and consult with you to identify opportunities around spring reconditioning, court opening, daily and periodic maintenance, annual budgeting, and control of operating expenses.

COURT ANALYSIS SURVEY

Har-Tru consultants will check your courts for proper slope, survey court thickness and base material, and examine your equipment, amenities, and irrigation system.

LIGHTING ANALYSIS SURVEY

We offer a full lighting analysis service, including system design, installation, and maintenance. We analyze your existing lighting system, generating a photometric map that illustrates how improvements can be made — from changing bulbs to installing the latest energy-efficient light fixtures.

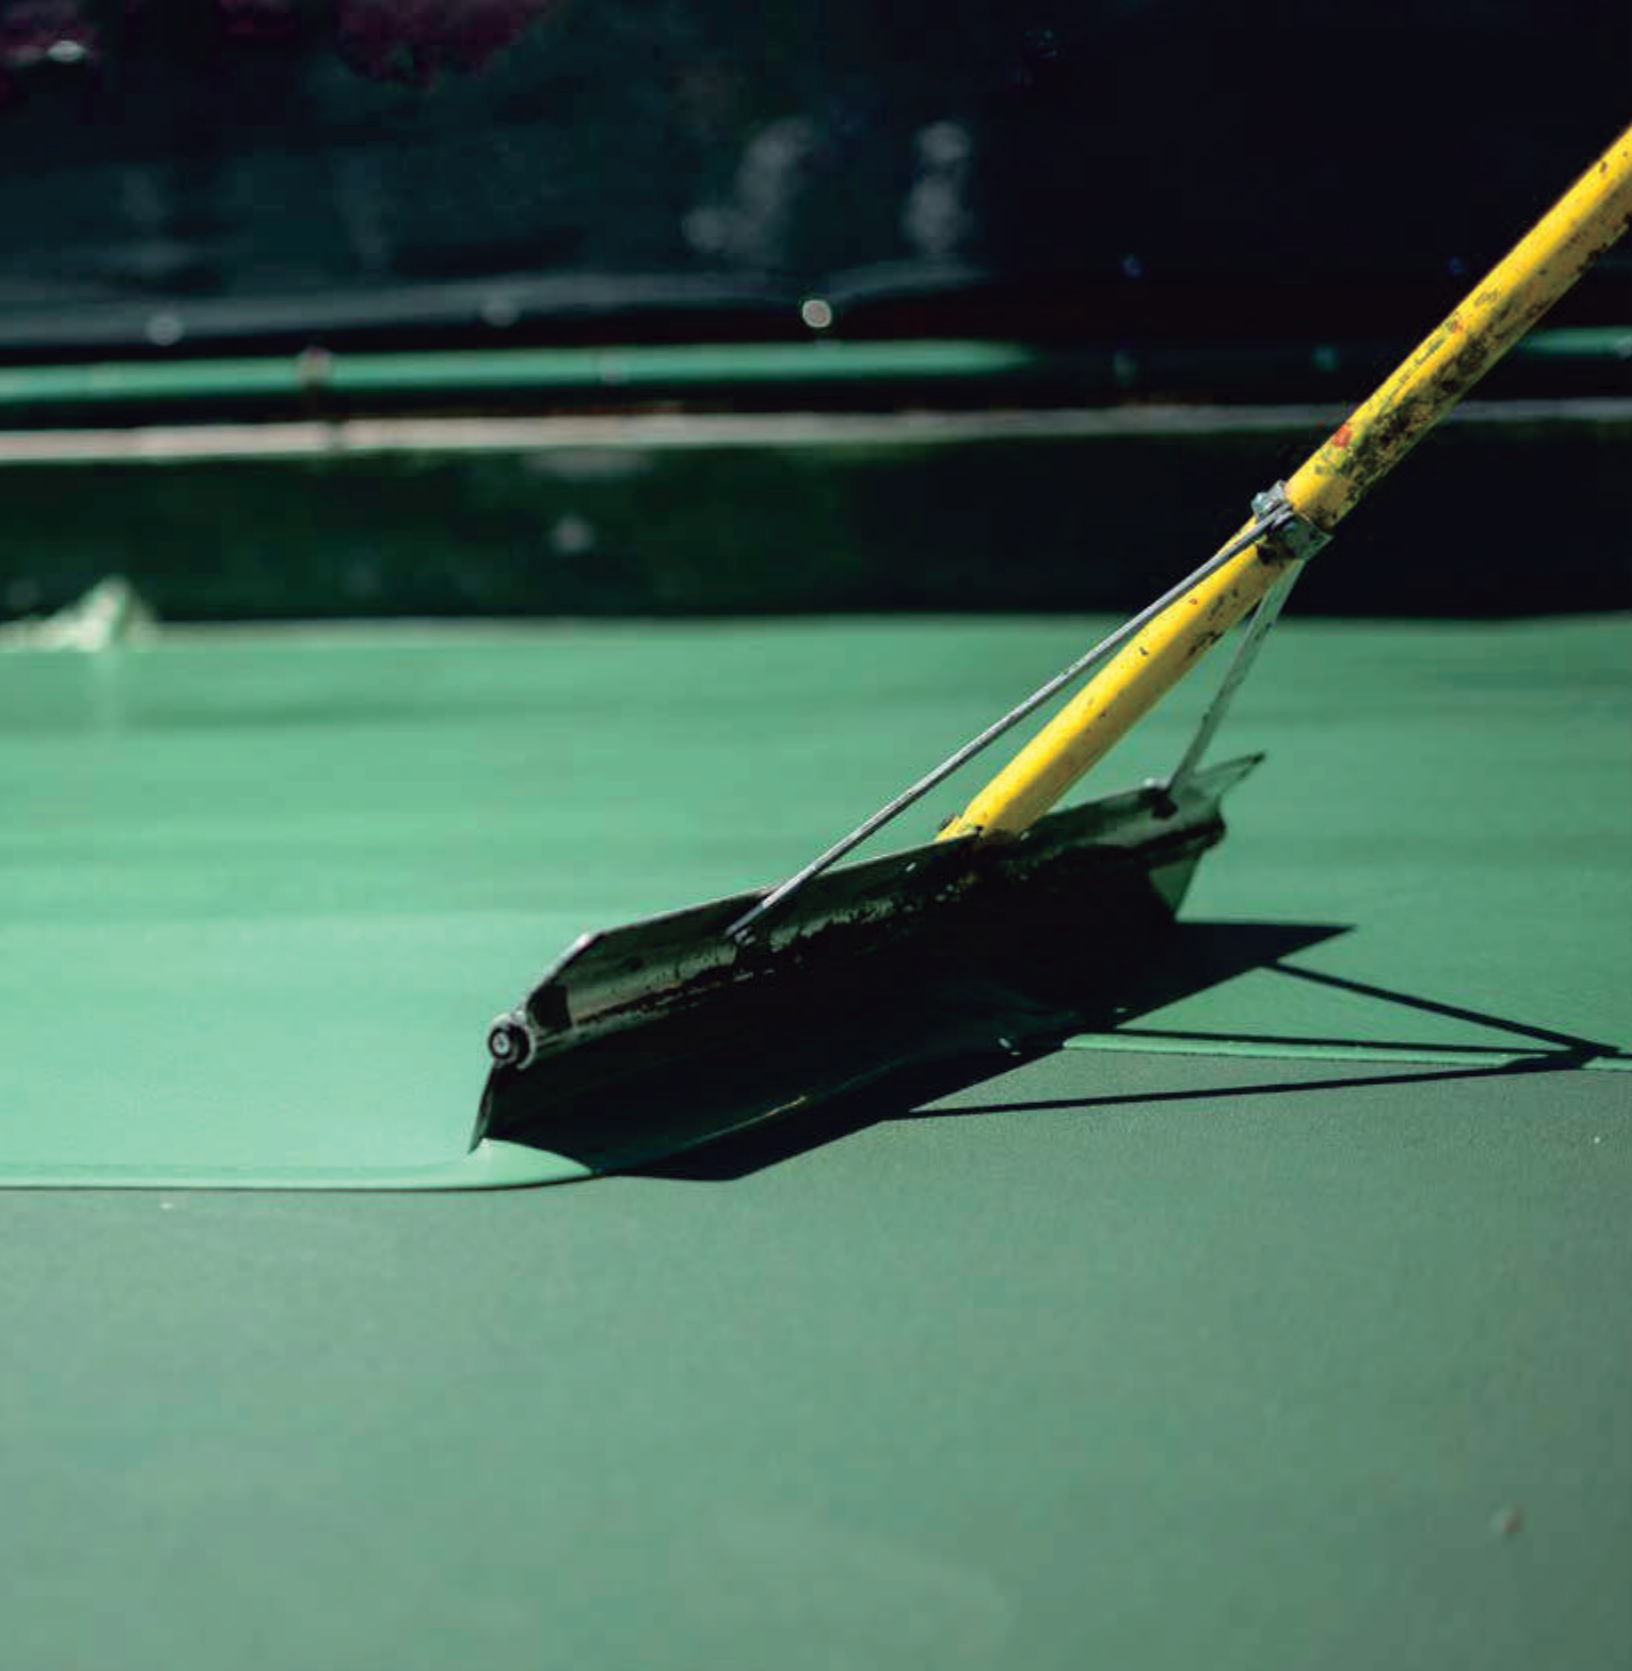

FOR YOUR POWER GAME

HARDCOURT ACCESSORIES

- Sports Coatings
- Rain Shuttles & Brooms
- Squeegees
- Water Removers
- Straightliners

We made history with clay courts. Now we're creating the future of hardcourts.

Contractors, clubs, homeowners, maintenance personnel, and players have always relied on Har-Tru for premium-quality court equipment and surfaces. That tradition of excellence continues with our new line of acrylic surfaces: Har-Tru Sports Coatings. Check out our hardcourt surfaces and maintenance products.

HARDCOURTS FROM HAR-TRU

PREMIUM QUALITY

Our products are manufactured with the strictest quality and safety controls. Working with top industry chemists and installation experts, we've engineered an acrylic coating that creates a consistent, durable, high-performance surface.

HIGH YIELD EFFICIENCY

Achieving superior yield is essential for constructing a cost-efficient court. Har-Tru Sports Coatings deliver performance and value through a formula that maximizes yield without sacrificing stability. The result is a sports coating engineered to spread consistently for the best possible surface coverage.

FLEXIBLE AND VIBRANT

All-weather, comfortable, and elegant, Har-Tru Sports Coatings feature UV-resistant pigments in a range of vibrant colors.* Layered over asphalt or concrete, our acrylic coatings are designed to deliver the right amount of flex for a surface that's consistent and stable.

Pick Your Color, Build Your Court

Har-Tru Sports Coatings are field tested with experienced contractors to ensure the perfect balance of color retention, yield, flexibility, and abrasion resistance for a beautiful surface that's made to last. Line colors are available in white, red, orange, yellow, green, blue, and black.

Har-Tru Sports Coatings are available to authorized contractors, builders, and installers. For information, please call 1-877-442-7878.
* Colors shown are approximate. Color of acrylics when applied to a court will vary slightly.

Straightliner

150-3480 Standard Straightliner

150-3471 Straightliner Plus

The Straightliner is the fastest and easiest tool to mask curves, circles, and straight lines for court boundaries. The tool lays parallel masking tape lines precisely and evenly 1 1/2", 2", or 2 1/2" apart. For use with 1"-wide masking tape. Frame is constructed of black powder-coated steel and the tape holder is made

of non-corrosive aluminum. Other features include smooth, non-marking black rubber rollers and comfort grip black rubber handles. The removable 9" pointer guide screws to the front of the base frame. Masking tape is not included.

Mastersweep by Rol-Dri

143-3150

Made from tough, durable polyvinyl alcohol, this remarkable seamless roller will outperform any other roller. The nondeteriorating foam is molded directly onto the roller core for a seamless fit to ensure rapid, streakless drying.

COURTMASTER Royale™ Sweep

143-3153

Great around pools, on driveways, for golf greens

- All-steel, powder-coated white frame
- Comes with 4" blue PVA foam roller
- Also works with 2" PVA foam roller
- Works on any hard surface with no scraping or damage to court
- Produces a 36" sweep that squeezes water ahead of roller unit

144-3151

4' Diameter Blue Replacement PVA Foam Roller With Spacers: Replacement Roller for Both 143-3151 and 143-3150

144-3078

2" Replacement End Cap

Seamless Rol-Dri

143-243

The revolutionary Rol-Dri water remover has a unique "rolling seal" action that continually squeezes water ahead of the roller. Standard size is 36". Weight is 8 lbs. It can be used on both hard and Har-Tru® courts.

143-208

Seamless Grey Replacement Foam Roller

Super Sopper

143-300 7-Gallon Mackerel

143-301 14-Gallon Dolphin

The Super Sopper takes care of total water removal by lifting water from a court using a sponge-covered barrel and straining it into the center of the porous barrel, where it is held until emptied. The Super Sopper is perfect for courts that puddle in low areas. It can be used on both hardcourts and Har-Tru® courts. Replacement sponges available.

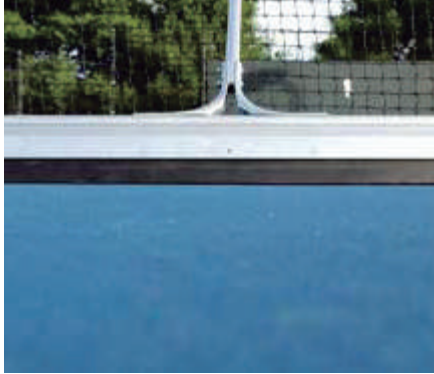

144-3512 Mackerel Replacement Sponge

144-3519 Dolphin Replacement Sponge

Super Squeegee

The Super Squeegee is a contractor tool specifically designed to spread acrylics and adhesives during hardcourt construction and resurfacing. It is the first such squeegee that provides the following advantages:

- An optional back shield, allowing users to simulate different durometers of rubber simply by adjusting the flex of the rubber
- An easily adjusted handle bracket and blade to accommodate different angles
- A 6' handle with adjustable rubber grips for added feel and control
- 50-durometer rubber blade
- A solid mounting bracket to eliminate chatter and stabilize the surface blade

143-232 36" Squeegee

143-246 36" Squeegee With Adjustable Back Plate

143-210 Squeegee Corner Bracket and Hardware (includes 2 brackets)

144-3460 36" Rubber Blade; 50 Durometer

36" Heavy-Duty American Water Broom

142-3071

This 7-jet water broom cleans a 36" path on any paved surface. Ideal for tennis courts or any place you clean with a hose.

- Easy to use; just connect the water broom to a standard garden hose
- Cleans in a third of the time with a tenth of the water
- 7 threaded brass nozzles, heavy-duty steel-and-brass construction, double ball-bearing caster, brass shut-off valve
- Shipped assembled and ready to use
- 12 lbs

COURTMASTER All-Aluminum Rain Shuttle

143-3287

Redesigned as a superior all-aluminum court drier for more durability. Features improved casters for better mobility and operation, plus a better-functioning blade. Easy to use and store. Won't scratch or mar courts. 5'-wide sweep. 15 lbs

144-3288 Replacement Blade

144-3286 Replacement Wheels

9-Jet Water Broom

142-3055

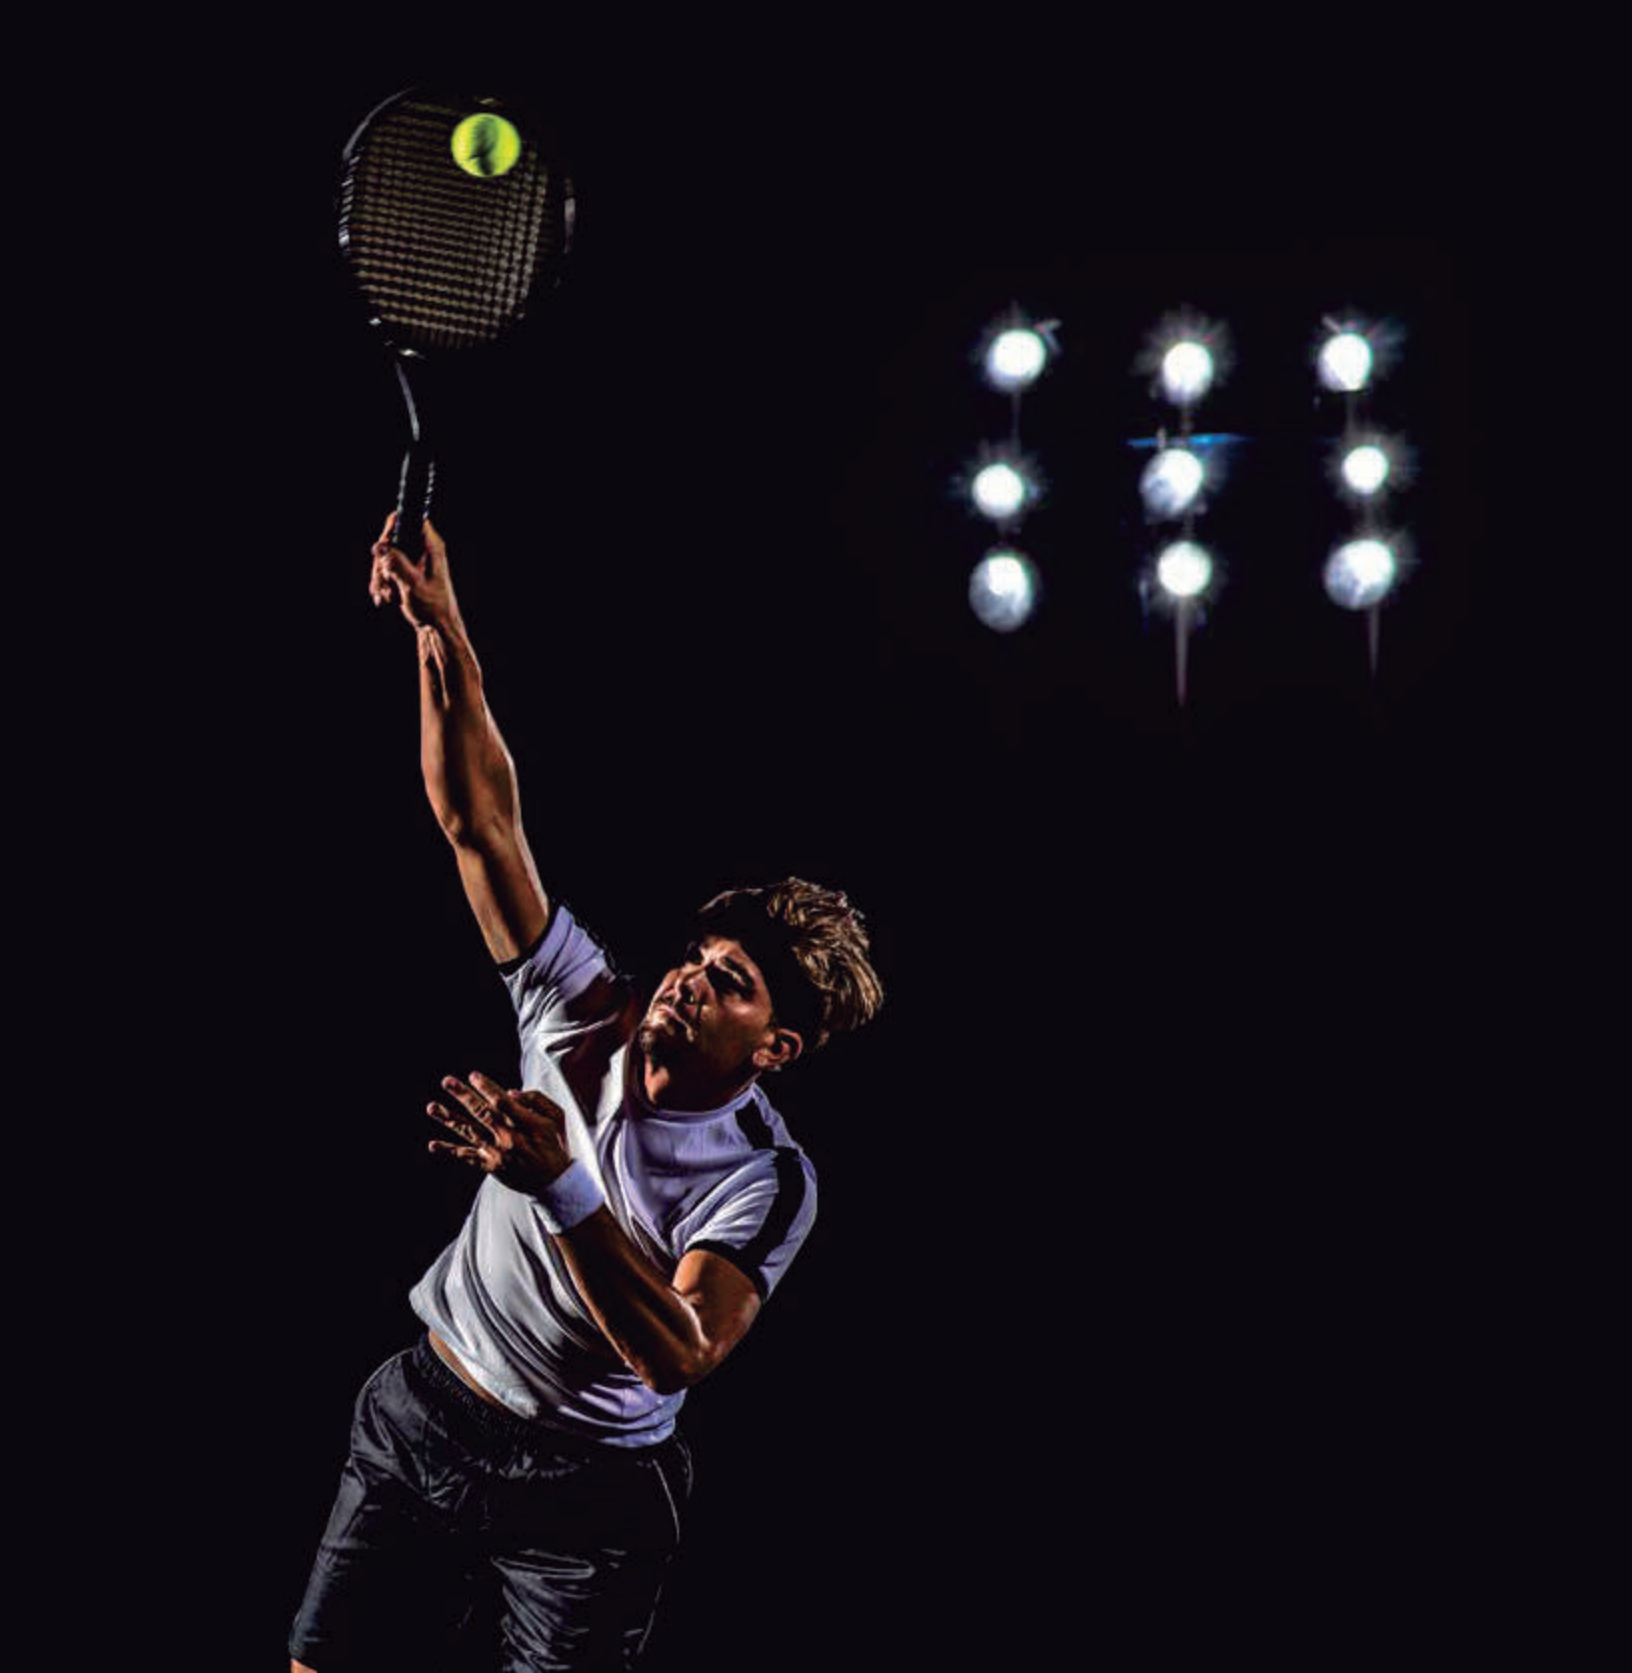

Made of aircraft structural aluminum, eliminating rust and corrosion.

- Durable neoprene wheels will not mark surfaces
- Guards protect brass jets from wear
- Washes up to a 4' path with one pass
- 42" L
- Anodized blue
- 7 lbs

FANTASTIC FEATURES

COURT ACCESSORIES

- Shoe Cleaners
- Messaging & Numbers
- Court Clock
- Score Keepers
- Cooler Stands
- Valet Baskets
- Court Lighting

The right amenities are more than just a nice addition to your court.

They show players that you run a first-class facility. Shoe cleaners, score keepers, coolers, and valets: the little things mean a lot. To improve your players' experience, take your court up a notch with our essential accessories.

Tread Blaster™

147-4000

The Tread Blaster is uniquely designed to remove dirt and grit from your shoes without getting the tops of your shoes wet. A necessity for all facilities with clay courts. Easy to install, all you need is access to water and a hose with a spigot that provides a pressure of 30 to 60 psi. You'll be happy you made the investment.

147-4103 Shoe Pedal Conversion Kit: Convert your unit to hands-free activation

Har-Tru Shoe Brush

147-3601

The Har-Tru Shoe Brush can be attached to the sidewalk or left freestanding. The softer upper bristles dust off the upper portion of the shoe while the stiffer lower bristles scrape topping from the soles. The base is made of heavy-duty carbon steel. The shoe brush is easily cleaned with a hose or soap and water.

147-3603 Replacement Side Brush

147-3602 Replacement Bottom Brush

Tennie Two-Step

147-3012 Tennie Two-Step With Brush

147-3046 Tennie Two-Step Without Brush

The Tennie Two-Step has become the industry standard for keeping clubhouse carpets, players' shoes, and tennis club pathways clean. It is a UV-resistant, polyethylene, water-holding basin containing two patented perforated rubber panels designed to force water into the soles of your tennis shoes while you rock back and forth on your feet. The results are noticeable everywhere. Clean tennis shoes mean less HAR-TRU® in the pro shop, on walkways, or in your car.

147-3011 Replacement Brush

147-3047 Replacement Mat (need 2)

Scrusher Shoe Cleaner

147-3063K Scrusher With Base

147-3060 Scrusher Without Base

Simultaneously cleans bottoms and sides of all types of court shoes. A strong solid-steel frame holds three terraced bottom brushes and two half-circle side brushes. Durable for use indoors and out. 10 lbs

147-3284 Replacement Brush Kit

147-3285 Portable Base

Court Maid Jr.

147-3576

The Court Maid Jr. is installed at the gates and exit points of your HAR-TRU® courts for cleaning tennis shoes and trapping HAR-TRU® within its collection basin. The all-aluminum, powder-coated frame is covered by a super-strong brush unit that is easily removed to clean out the accumulated HAR-TRU®. Simply hose off to clean. The unit measures 12" x 10 1/2" x 5 1/2".

White Replacement Ball Cups

139-3257GN

Green Replacement Ball Cups

EZ-SCORE™ Pro-Set

139-3473

The EZ-SCORE™ Pro-Set model was developed at the request of high school coaches and tennis product retailers for teams that don't play multiple sets, but one Pro-Set. The EZ-SCORE™ Pro-Set comes in its own nylon carrying case, with a Velcro seal. It fits snugly on the tennis net, out of bounds. The white on black and black on white numbers, 0 - 9, can be clearly seen from both ends of the tennis court and by both opponents. The EZ-SCORE™ Pro-Set comes with a carrying case that fits easily into your tennis bag to go with you wherever you play. The EZ-SCORE™ Pro-Set is very convenient and makes a great GIFT!.

IMPROVING THE INDOOR TENNIS EXPERIENCE

Sports Interiors has 30+ years' experience owning, managing, and helping athletic facilities to improve the indoor sports playing experience through implementations of our LED Lighting System and Liner System that we apply to ceilings and walls. We have conducted hundreds of implementations across the country where Sports Interiors leverages its experience in the construction industry with our project management expertise to deliver an efficient implementation process. We are focused on delivering quality results for your facility renovations or new construction project that are efficient, cost-effective, and allow for minimal disruption to day-to-day operations.

The 4 Key Areas to Consider at Your Facility

Lighting

Are your current lights bright enough? What are the light levels?

Liner System

A highly reflective and durable liner can improve the aesthetics and efficiency of your facility.

Implementation Process

How long will the installation take? How much work will your provider offer? How much will be left to you?

Tennis Surface & Court Supplies

How recently were your courts resurfaced? Are you in need of new tarps and nets?

Sports Interiors works across the United States with clubs and facilities of all sizes and budgets to improve the indoor sports experience.

Professional Tennis Score Keeper

139-298 Exterior-grade styrene cards

- 10 in red, 10 in black (0-9)
- Post mounting sleeve, set cards (0, 1, 2) and blank cards included
- 3 lbs

139-3465	Clamps, 1 lb
139-3466	Post Mounting Sleeve & Bracket, 1 lb

TruScore Scorekeeper

139-3500

The TruScore Tennis Scorekeeper has revolutionized tennis scorekeeping.

- Solid nylon rings eliminate flimsy metal rings
- Tiebreak bar indicates when players have gone into a tiebreak
- Next card numbers allow players to view the next numbered card
- First Serve bar indicates what game players are in

COURTMASTER Court Valet With Basket

129-260

Convenient valet tray and basket for the tennis court. Tray has hooks for towels or jackets plus a sturdy aluminum molded bracket. Tray provides a handy place for players to put beverages, ball cans, wallets, etc. Fits up to 3 1/2" round or square net post. 16" H. Available in black or green. 6 lbs

Tidi-Court Court Organizer

129-5001

This court organizer keeps everything in its place. It has a convenient valet tray for wallets, keys, etc.; out-of-the-way hooks for towels and jackets; a trash can; and indented holders to eliminate beverage spills. Available in black or green. 9 lbs

HAR-TRU Cooler Stand Complete

119-3100BKK 5 Gallon Kit

Before you dig up your tennis court to add the convenience of a water fountain, consider the inexpensive alternative of an attractive courtside water cooler. This insulated cooler is lightweight and ready to serve ice-cold water or any sports beverage. This unit also includes a tidy basket, cup dispenser, and 600 cups. The unit comes with a pedestal stand, available in black or green. Replacement coolers, stands, baskets, and round cup dispensers are available. 30 lbs

Water Cooler Station

132-3900

- Suitable for both outdoor and indoor use — made from naturally weather-/water-resistant Acacia hardwood.
- Durable and beautiful too! Acacia hardwood has a beautiful woodgrain and vibrant, rich color that will complement any facility.
- Strategically located waste bin catches spout spillage and keeps your floor or court clean and dry. It also allows for easy disposal of discarded cups.
- Excellent stability is provided on all surfaces by the tri-leg design.
- Easy assembly (8 screws) with supplied hardware and tools.

- 119-3052** Replacement Spigot, 1 lb
- 119-3058** Plastic Bracket, 1 lb
- 119-3102** 10 Gallon Green Cooler

SEE MORE. SAVE MORE. PLAY MORE.

VUE Tennis: The Evolution of Tennis Court Lighting

We know how challenging it is to light a tennis ball spinning fast above a court. That's why Har-Tru has teamed up with NLS Lighting to introduce a cutting-edge LED system designed specifically for tennis.

10-year warranty

Financing Available

Ask about our free 30-day trial to test **VUE Tennis** at your court or facility.

WE'VE COME A LONG WAY

LED fixtures have caught up to and surpassed standard halide fixtures. Modern LED fixtures cost less to own and less to operate. They are nearly maintenance free, last longer, save energy, and, when designed correctly, can evenly light a whole court.

DESIGNED SPECIFICALLY FOR TENNIS COURTS

Designed by a nationally ranked tennis player and lighting engineer, **VUE Tennis** features a patented reflector that achieves strong, uniform light levels even at ten feet or more above the court surface — where the ball is traveling much of the time. VUE's LED fixtures are recessed deeply into their housing, reducing glare on the court while delivering more light more evenly to more places on the court.

SAVES TIME, MONEY, AND MAINTENANCE

Installing VUE Tennis is easy. Just take down your existing fixture and put a new one in its place. There's almost never a need to change arms or poles or your entire system; instead, you simply replace the light fixture head.

LEDs are extremely energy efficient. They come on instantly and are dimmable, so you determine how much light and energy is being used on a court at any time. Once installed, VUE Tennis can run for decades with virtually no light loss and no maintenance needed.

VUE Tennis is a low-profile and beautifully designed fixture that blends with any club or residential setting. This breakthrough system is designed to maximize light, minimize glare, reduce shadows, and create better performance — all with much lower energy and maintenance costs.

COURTSIDE COMFORT

COURT SEATING

- Benches
- Umpire Chairs
- Cabanas

We have a variety of seating choices to round out your court.

It doesn't seem like that many players sit down on change-overs, but the moment seating isn't available, it's sorely missed for that occasional shoe tie or as a place to put your gear. We offer a range of hard-working, attractive designs.

Courtsider Court Bench

130-3230

This is the third generation of our Courtsider, with added comfort and strength. Weatherproof, lightweight, and ideal for courtside, poolside, patio and golf tee area, and public or private parks, with five vertical “I-Beam” supports and 100% solid PVC coloring compounds used throughout. The best UV-inhibiting, fade-resistant materials available are used in the compound. (If subjected to year-round intense sunlight, as in Florida and other southern states, some fading may occur over time.) Bolt holes in bench legs secure it to solid surfaces for theft prevention. White or green. 5' L. 35 lbs. 2-year manufacturer’s warranty

Multi-Purpose Bench

130-3231

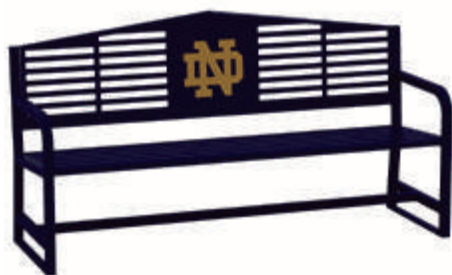

Great for outdoor use. Impervious to the sun. Solid legs can be bolted to any hard surface. Multichambered slats provide comfort, with curvature making sitting easier. 6 1/2' L with three feet. White or green. 45 lbs. 2-year manufacturer’s warranty

Deluxe Courtsider Court Bench

130-3243

Great for outdoor use. Impervious to the sun. Solid legs can be bolted to any hard surface. Multichambered slats provide comfort, with curvature making sitting easier. 5' L. Available in white or green. 45 lbs. 2-year manufacturer’s warranty

Custom Logo Court Bench

130-3301

These custom-fabricated logo benches are powder coated in your custom color and feature custom laser-cut logos on the steel plates, which are visible from the front or back of the bench.

Features steel feet with non-marring polypropylene base to evenly distribute the weight on the court, and the option to include a heavy-duty umbrella holder directly behind the center of the bench. They come in apex design and in 4, 6, and 8 ft. lengths. Fully assembled: 175 lbs

Royale Deluxe Umpire Chair

132-3601GN

- Aluminum frame
- Powder-coated finish
- Comfortable shell-shaped seat/UV-resistant
- Writing desk included
- Anti-slip steps
- 6' 8" H
- Completely weatherproof
- Convenient bottom platform
- Meets official USTA height specifications
- Four base plates add stability
- 2-year manufacturer's warranty

Replacement Fence Canopy

There's a Har-Tru product for every need.

We've got you covered. Our goal is to provide you with the best selection of tennis court surfaces, equipment, accessories, and supplies. We are champions of tennis wherever it's played, and proudly serve the sport we love.

Our court equipment and accessories are made with the same integrity that we've been famous for since we began nearly 90 years ago. Our goal is to increase the quality of the game and the enjoyment of playing it. Building on our unique experience, we work to create an exceptional future for the game of tennis.

Should you have any questions about our equipment, accessories, surfaces, or consulting, please contact us anytime. We're here to make your game the best it can be every time you set foot on a court.
